The ED Collabitat is a habitat for intentional collaborating. Our programming is driven by an interplay between perspectives informed by the learning sciences, art and design, and education innovators.

OUR PERSPECTIVE: When ideas from diverse disciplines and sectors collide, unforeseen and innovative solutions emerge. The ED Collabitat embraces a radical leap forward to overcome our greatest educational challenges. *We aim to ignite professional creativity and change practices, cultures, and systems.*

• **EXPLORE:** Bold adventurers explore new territory sparking creative ideas, innovative approaches, and novel possibilities in education. All accomplishments emerge from an innate ability to explore and to ask what-if?

• **DESIGN+BUILD:** Ignite your professional creativity toward systemic change. Experience new processes and build solutions to your professional challenges, both grand and small.

• **CREATE:** Take your idea to the next step! Initiate solution-seeking habits of mind through customized programming or courses. Infuse enduring strategies and processes into your culture.
Your Practice

The ED Collabitat unites professional creativity and collaboration to transform the practices of educators, leaders, parents, and students of all ages.

SHOWCASING REVOLUTIONARY WORK
• Join us for our various showcases and workshops, providing a forum where educators share their original and revolutionary work.

OBSERVE THE INQUIRING INTO MY PRACTICE (IMP) PROCESS
• Give us the opportunity to introduce your school or district to the IMP process in an Innolab, our unique approach to staff development using a principled and collective process where educators improve together.

VIDEO COACHING
• Participate in video coaching or a 1-credit course designed to enhance your teaching practices.

INNOLAB
• Collaborate with our team to design customized professional development using Innolabs, our unique approach to staff development, to support your initiatives.

LONG-TERM INNOLAB SUPPORT
• Let us help you anchor your initiative with periodic infusions of support. Sustain your culture of creative collaboration.
Your Career

The ED Collabitat offers tailored educational degrees and certificates that build capacity for expertise in specific educational disciplines.

PROFESSIONAL DEVELOPMENT OPTIONS CONSULTATION
• Meet with us to explore options for targeted, professional learning experiences for your team of educators and leaders.

ONSITE DEGREE PROGRAMS
• Invite us to lead one of our existing degree or certificate programs on-site in your school or district.

CUSTOMIZED DEGREE PROGRAMS
• Collaborate with us and create customized programming for degrees and certificates tailored to your school or districts’ needs.

PROGRAM EVALUATION DEVELOPMENT
• Consult with us and create targeted research and evaluation plans for measuring your program’s effectiveness.

GENERATIVE DESIGN
• Join the ED Collabitat’s EdD learning community in Creativity and Generative Design.
Your Creativity

The ED Collabitat uses experts within and outside the College of Education to provide creative educators and educational entrepreneurs with the support they need to build new models.

INNOVATION SHOWCASES
• Join us for one of our Innovation Showcases.

NETWORK WITH COLLEAGUES
• Network at the ED Collabitat with other individuals and groups to find common ground and enhance your professional creativity.

EDPRENEUR WORKSHOPS
• Participate in a series or workshop designed to support Education Entrepreneurs as they develop and refine their ideas.

EDPRENEUR IN RESIDENCE
• Bring your entrepreneurial interest and join a cohort to work with mentors and researchers who will support your interest in educational change.
Your Organization

The ED Collabitat facilitates design processes to help your organization find solutions to vexing problems while achieving ambitious goals.

**DISCOVERY MAPPING**
- Join us in this ½ to 1 day workshop session, where we guide your team through a series of activities designed to build empathy and collaborative clarity around a specific issue or concern.

**GENERATIVE DIALOGUE**
- Join us in this 1-3 hour workshop session, where we move your team to develop a strategic, short-term plan of action.

**DISCOVERY MAPPING SERIES**
- Collaborate with us to customize a series of Discovery Mapping sessions to generate strategies to address complex, systems related problems.

**STRATEGIC DESIGN SESSIONS**
- Join us in a series of working group sessions, through which we assist your team in enacting new prototypes, evaluation tools, practices, and technologies to achieve long-term, sustainable solutions for your organization.
